# GARMIN APPROACH S44 GPS GOLF WATCH

Golf smartwatch with GPS, an AMOLED display and essential on-course features.

We've got your game with Approach® S44, a slim, lightweight golf watch with all the essential features. Its bright 1.2" AMOLED display makes it easy to see key yardages to the green, hazards and doglegs on 43,000+ preloaded courses worldwide. Line up your shot, even if you can't see the green, with PinPointer.

Keep score from the watch itself, and upload directly to the Garmin Golf™ smartphone app for advanced stat tracking and handicap calculation. Leave your phone in the cart and still get smart notifications to your watch — including emails, texts and alerts. And with up to 15 hours of battery life in GPS mode, you can play another round without needing a charge.
